STRUCTURE STABILITY CERTIFICATE

To whomsoever it may concern

Dated: 24th July 2021

It is certified that the Tibetan Children Village Mehre ka Gaon at (Dhol – Kot) Selaqui shishambara, pargana Pachwadoon Dehradun constructed in year 2001-2002 as reinforced concrete frame structure, consisting of Ground floor and First Floor has been designed in accordance to IS: 456-2000 and earthquake resistant design provisions contained in IS: 1893 (part-I)-2002 and ductile design as per IS-13920. All stipulated combination of gravity loads, seismic forces, and the relevant codes have been considered and are duly incorporated in analysis and design. With regular maintenance the building should be safe to use for next five years. After the completion of this period the building should be surveyed again for further assessment.

Liability of under designed is limited to the structural design as per relevant I.S. Codes only. The execution of the work as per drawings and specifications in sole responsibility of the client/owner.
